discussion of CIA inoptness in connection with the World Youth Festival in Vienna with staff members of the House Committee on Un-American Activities. Apparently HCVA had discussed this with the Senate internal Security Subcommittee. 8. Mr. Walter Reynelds, Senate Government Operations Committee staff, returned General Cabell's classified statement given before the House Pareign Affairs Committee in its deliberations on the passport bills. 9. General Cabell and the Inspector General mentioned the conversation of with Representative John Bell Williams (D., Miss.). advised that Representative Williams told him that he was informed by a member of the Appropriations Committee that two GIA people who were there to brief the Committee would not give him their names. I suggested that the appropriate response to williams should be if CIA 25 people are there to brief a Committee there would be an reason to withheld their names and they are not withheld. I speculated that possibly two of the Security people whe assisted in a technical sweep of the room might have been approached by semeone, possibly this congressmen, and	who apparently had in Arrangements were on 18 September and	had one contact with the Agency seeking employment. made for to call on Legislative Counsel i have appropriate personnel interviews.
